

Communication and Language

In Conkers, we are going to be learning a range of different nursery rhymes and actions to go with them. We will also be joining in with longer stories and answering two-part questions.

Personal, Social and Emotional

We are going to be focusing on our independence in meeting our own needs while also selecting toys that we would like to play with. A large focus will also be on becoming familiar with the adults and other children in the room.

Literacy

In literacy, we are going to be listening to a variety of different stories. We shall also explore different types of texts such as non-fiction based on our interests.

Nursery Topic 1

Maths

In maths, we shall be singing number songs and learning actions to go with them. We shall also be exploring numbers up to five through games, outdoor play and in our creative area.

Physical Development

We shall be exploring one handed tools while also learning how to kick, throw and handle a large ball. We will be spending lots of time outside developing our gross motor skills.

Understanding the World

Within this area, we shall be exploring natural materials like leaves, pinecones and conkers. Near the end of our topic, we will look at our own family and our past.

Expressive Arts and Design

In nursery, we have a wide variety of different materials that we can use to create our own works of art. We will be practising our cutting, sticking, drawing and painting skills.
