

Communication and Language

In Conkers, we will be revisiting a range of different nursery rhymes and actions to go with them. We will learn some new songs and perform them with increasing confidence and enjoyment. We will also be increasing our attention skills to listen to longer picture books on the carpet.

Personal, Social and Emotional

We will have regular circle times to talk about our feelings. We are working on friendships and how we make other people feel. We explore lots of picture books and talk about how we are similar or different to the characters.

Literacy

We love listening to stories and retelling them through our small world play. We will continue to make meaningful marks on cards, letters and pictures.

Nursery Topic 4

Maths

This half term, we will be creating simple patterns. We will be looking at shapes and going on shape hunts. We will also compare objects using words like shorter or longer, heavy or light and bigger or smaller.

Physical Development

Our focus will be on hopping and skipping this half term. We are also working on holding a pencil correctly and improving our fine motor skills. Every Friday morning, we have P.E. with Miss. Kemp and Mrs. Burton.

Understanding the World

We are going to continue to plant seeds and take care for them. We will be planting wild herbs and flowers. We will look at our pets and how we look after living things.

Expressive Arts and Design

During our expressive arts and design learning, we will be exploring instruments and the sounds they make. We will be joining materials and creating closed shapes using a variety of craft materials, crayons and paint.
